

Live the experience of snorkeling with Striped Marlin Migration!

Snorkel while the Striped Marlins hunt Mackerels sardines and all the surprises that the Pacific Ocean gives us (area of whales, dolphins, etc).

These types of Marlin hunt as a team, herding large schools of Sardines (Sardina Macarela) with their bodies and then spearing them with their sword!

-Departure from LOS CABOS at 12:00pm

Important

Take into account that in the ocean expeditions the weather is a factor that we cannot control, in case we are not able to go out that day to the open sea in search of marlins, we have the mangrove where the sighting of wild coyotes occurs, the dunes of the Bay of Puerto San Carlos and bird watching.
